2 Rationale

2.1 Alder Grange School has a statutory duty to secure independent careers guidance for all year 7 to 13 students. The Education (Careers Guidance in Schools) Act 2022 came into force on 1 September 2022. The Act amends the existing duty, in Section 42A of the Education Act 1997, so that it now requires maintained schools, special schools and pupil referral units in England to secure independent careers guidance to pupils in school years 7 to 13. Our aim at Alder Grange is for all students to achieve their personal best. In careers education, this translates as every student making the right choices for progression. We will support students in making well-informed decisions by providing access to impartial and independent information and guidance about the range of options (including academic, vocational, apprenticeships) that are most likely to help them to achieve their ambitions.

2.2 Careers education does not just mean informing students about their options post-16 or post-18, but also how their school career will affect their futures. It is our statutory duty to ensure that all students receive independent, impartial advice and guidance regarding all options within school, how these choices will affect their options after school and which careers pathways will become available to them. By helping students with decisions at crucial stages, informing them of all their options and introducing them to the world of work, we aim to prepare them for the world of work whichever pathway they choose.

2.3 There has never been a time when careers guidance has been as important for young people as it is today. The landscape of education, training and employment opportunities that students need to navigate is more complex and more challenging than that faced by previous generations. The raising of the age for participating in learning means that young people face a wider range of choices of courses and places to study.

- 2.4 Students need help to make choices and manage transitions; to do this effectively they need good quality careers education, information, advice and guidance. Our school Careers Plan sets out how the Alder Grange provides a fit for purpose careers programme which will provide our students with the knowledge, inspiration and ability to take ownership of their own career action plans which will enable them to succeed in their chosen career paths.
